

Tushant

Software Developer | BCA Student

Delhi, India | +91-9319843461 | tushant0430@gmail.com | github.com/sus-tushhhh | linkedin.com/in/sus-tushhhh/

PROFESSIONAL SUMMARY

BCA student at IINTM, GGSIPU with a strong foundation in programming and practical experience building applications using Python, Streamlit, APIs, databases, and AI/LLM technologies. Interested in software development and backend-oriented roles, with a focus on problem-solving, continuous learning, and building real-world applications.

EDUCATION

Institute of Innovation in Technology and Management, GGSIPU 2024 – Present
Bachelor of Computer Applications (BCA) | **CGPA: 9.2**

S. D. Public School, Pitampura, Delhi 2022 – 2024
Senior Secondary & Secondary Education | Class XII: **72%** | Class X: **73.17%**

PROJECTS

SQL Wizard — AI-Powered Natural Language to SQL Generator

Python | LangChain | Gemini API | SQLite | Streamlit

- Built an AI application that converts natural-language prompts into SQL queries using LangChain and Gemini API.
- Implemented database upload, query execution, data viewing, commit, and rollback functionality.

Data Lens — Data Analysis & Visualization Tool

Python | Data Analysis | Visualization

- Developed a Python-based tool for dataset analysis and interactive visualization.
- Collaborated on development as a two-person project, demonstrating teamwork and shared development.

Weather Lens — Weather Forecasting Application

Python | Streamlit | Weather API

- Built a Streamlit weather application using real-time API data and forecast visualization.
- Integrated API-based weather information into an interactive interface with forecast charts and weather details.

Anti Rejection — Interactive Web Application

HTML | CSS | JavaScript

- Developed an interactive website where the “No” button dynamically changes position when hovered or clicked.
- Designed the interaction for desktop and tablet users.

TECHNICAL SKILLS

Programming: Python, Java, C

Web Development: HTML, CSS, JavaScript

Databases: MySQL, SQLite

AI & Development: LangChain, Gemini API, Streamlit

Tools: Git, GitHub

CORE STRENGTHS

Problem Solving • Teamwork & Collaboration • Communication • Adaptability • Continuous Learning
